## **What is **GPP?****

GPP is NIAC's *Strength&Conditioning* program, taught by a USAW Coach (Olympic Weight Lifting). The skills being taught and practiced are functional, skill-oriented, and varied. This style of exercise/lifting is not for everyone but is becoming more and more popular in the exercise community, and we think for good reason!

### **HOW IS GPP DIFFERENT THAN HIIT or BOOTCAMP?**

This class is specifically designed to teach you the foundations of the Olympic lifts as well as gymnastic rope/ring work. Olympic Lifts will tax your neurological motor patterns as well as physical capabilities. The coaching in GPP is more one-to-one coaching and skill developing.
