What is **GPP?**

GPP is NIAC's *Strength&Conditioning* program, taught by a USAW Coach (Olympic Weight Lifting). The skills being taught and practiced are functional, skill-oriented, and varied. This style of exercise/lifting is not for everyone but is becoming more and more popular in the exercise community, and we think for good reason!

HOW IS GPP DIFFERENT THAN HIIT or BOOTCAMP?

This class is specifically designed to teach you the foundations of the Olympic lifts as well as gymnastic rope/ring work. Olympic Lifts will tax your neurological motor patterns as well as physical capabilities. The coaching in GPP is more one-to-one coaching and skill developing.
